Saturday Services: The pastors prefer to set the altar themselves before service and will place it back in the sacristy when it's over. Our committee will have it ready for them prior to the service and will clean up.

We will be purchasing candle oil in gallon jugs to save costs and Fred Vogtlin will be pouring it into the smaller containers for us. Please save the plastic bottles and caps going forward. Thanks

Welcome to all of you that have joined us for the first time, and those that are coming back after a little away time. Looking forward to a wonderful year in God's service.

“The altar guild is to *serve*... not for themselves, but for the glory of God and the building up of his people.” (“The Altar Guild Manual” by Lee A Maxwell, 1996)
