

The eleventh Christmas blessing that my Lord gave to me

Church Kid's Camp Party

Every Saturday at Salvation Lutheran Church, children from around Chia-Yi City come to the church's Saturday Kids' Camp. Here they sing songs, read Bible stories, and have specialized club activities. Also, every year the students of the kids camp have a Christmas celebration, where they perform songs or skits and get gifts from the church.

Usually the Christmas bash is done at church, however, this year the format changed. The kids went to an orphanage in the city, where they played games, sang songs and performed for and with the orphans. Also, when they received their Christmas stocking from church, children gave stockings to orphans as well.

For the party, the American teachers performed our Lost Son drama. I also, played guitar to help the Kids' Camp English Club sing *Peace Like a River*. In addition I played guitar and sang with the youth group as we performed *Angels We Have Heard on High* using English, Chinese, piano, violin, recorders, and tambourine.

All in all it was a great celebration for the kids who attend the kids' camp, and a good way to share the message of Christmas with the orphans.

Prayer requests:

1. Pray for Salvation Saturday Kids' Camp, that God would bless all the preparations and hard work of the teachers who lead activities.
2. Pray for the children who attend the kids camp, that they would keep coming back and God would continue to work in their lives.
3. Pray for the students at the orphanage. Pray that they understand Jesus' love and that they would have more chances to hear about what he has done for them.
